SEX-ED + creates and distributes educational tools and sex education content that contribute to a better knowledge of genital anatomies and sexual responses. The project promotes a sex-positive attitude and a culture of consent.

SEX-ED + values are

- Commitment to the defense of the sexual and reproductive rights of all
- Respect for the diversity of bodies, genders, sexualities and experiences
- Innovation through the realization of new tools developed in connection with the needs of professionals.
- Collaboration with academic circles, medical teams, non-profit organizations, activists, etc.
- Creativity by diverting film special effects techniques applied to the realization of tools molded on human
- Adaptability Products are designed to be used in a variety of contexts and can be customized as needed.

To know more about our politics (environment, worker's rights, pricing, etc.) please go to <http://positivesexed.org/en/faq-3/>

SEX-ED + is an innovative and unique project, but on a human scale. Actually, there is only one passionate and really determined human behind all of this, so please be patient, we will come back to you as soon as possible. And please check your spam box as some servers immediately block emails containing the word "sex".
